THE SCALE MODEL SHOWS

The Scale Model Show 2013 is a two day showcase of everything encompassing plastic modelling, taking place on the weekend of September 21st & 22nd, 2013. It will be the biggest show of it's kind ever held in Auckland and a not-to-be-missed event for modellers of all ages and abilities.

WHAT IS THERE TO SEE AND DO?

There will be displays of plastic models of all types including aircraft, vehicles, ships, figures, sci-fi and dioramas, as well as special theme displays. Clubs and suppliers will be giving demonstrations of model-making techniques and retailers will be selling the latest products and those hard-to-find specialist items.

Airfix "Build-and-Take" sessions for children between the ages of 7 and 16 will be running on both days, to introduce a new generation to this hugely rewarding hobby.

An Open (Public) Modelling competition is being held that anyone can enter, as well as an IPMS Modelling Competition exclusively for current IPMS New Zealand club members. Sunday concludes with a prize giving ceremony at 2.15pm where trophies, certificates and prizes will be awarded for competition winners and place getters.

SHOW DATES AND TIMES

Saturday 21st September, 2013

9.00am - 11.00am MODEL COMPETITION REGISTRATION

11.00am - 6.00pm Scale Model Show 2013 OPEN

Sunday 22nd September, 2013

9.00 - 4.00pm Scale Model Show 2013 OPEN

2.15pm Competition PRIZEGIVING

HOW DO I ENTER THE OPEN (PUBLIC) MODEL COMPETITION?

We have made it really easy to enter the competition - simply fill in a registration form on-line from the Downloads page at www.scalemodelshow.co.nz, submit it and then bring your model to the Mt Eden War Memorial Hall on Saturday 21st September between 9:00 and 11:00 am. You will need one registration form for each model you are entering. Alternatively, entry forms will also be available from your local model shop and at the venue on the day. We anticipate that the competition will be rather popular, so we strongly recommend entering on-line to save time on the day. Good luck with your entries!

HOW MUCH DOES IT COST TO ENTER THE OPEN (PUBLIC) MODEL COMPETITION?

The entry fee is \$2 per model up to five models. Additional models are free to enter. There is no limit to the number of models that may be entered. All competitors are entitled to free entry to the show on both days of the event.

WHAT ARE THE RULES, COMPETITION CLASSES AND PRIZES?

Competition rules and classes are included in this flyer, and on the Scale Model Show website, where you will also find details of the competition prizes, show programme, show supporters and much more.

COMPETITION RULES

1. All models must be the sole handiwork of the modeller stated on the entry form.
2. Entries must be made from plastic model construction kits or scratch-built from plastic.
3. The Head Judge and the IPMS Competition Organising Committee reserve the right to exclude any entries they consider offensive to generally held standards of taste and acceptability.
4. JUNIOR division entries are limited to entrants who have NOT YET attained their twelfth (12th) birthday as of Saturday 21st September 2013. Junior members may enter their models in the Senior classes. All such models will then be ineligible for any special Junior awards.
5. INTERMEDIATE division entries are limited to entrants who are aged between 12 and 16 as of Saturday 21st September 2013. Intermediate members may enter their models in the Senior classes. All such models will then be ineligible for any special Intermediate awards.
6. Public entries will go into the OPEN Competition.

ELIGIBILITY FOR ENTRY INTO THE IPMS NZ NATIONAL COMPETITION

1. Current membership of an IPMS NZ Branch, an overseas branch or a model club participating at this event is required. Entrants will be required to provide proof of current IPMS membership or participating club membership on the day of the competition.
2. Models that have placed in previous IPMS NZ National competitions are NOT eligible for re-entry into this competition.

DEADLINE FOR ENTRIES

1. 11.00am on Saturday 21st September 2013
2. Late entries will be accepted at the discretion of the Head Judge
3. All entries must be made on the official entry form and payment received.

CONTEST AND JUDGING

1. Models may not be moved once placed on the competition tables, except by the Head Judge and/or his appointee or the Competition Secretary. Any models moved without the authorisation of the Head Judge will be disqualified.
2. Models may not be removed from the display before 4.00pm Sunday 22nd September 2013 without prior approval.

3. The awards ceremony will be at 2.15pm on Sunday 22nd September 2013
4. Judges will be appointed by the IPMS Auckland Competition Organising Committee.
5. Models will be judged for build quality and finish.
6. The organisers reserve the right to add, delete, split or merge any category.

DEFINITIONS

1. Models made from non-plastic materials are ineligible except for the figure classes as noted in (5)
2. 'Plastic' is any thermoplastic or thermosetting polymer, resin or other materials which may be formed by heat, pressure, vacuum forming or other forms of moulding. It includes but is not necessarily limited to polystyrene, ABS, celluloses, polyethylene, vinyls, epoxy, polyester resins, fibreglass, acetates, acrylics, nylon, other synthetic fibres, neoprene.
3. Models that are made from kits sold in pre-assembled, partially pre-assembled, or in pre-painted form are ineligible.
4. LEGO or building block type construction kits are ineligible.
5. White metal kits shall be allowed in Class F: Figures due to the preponderance of metal kits over plastic in these particular areas of the hobby.
6. Bases are allowed in all categories, but will not be considered in the judging except in diorama classes or where 2 models are tied for a placing.
7. A diorama shall generally be vehicles, aircraft or figures on a single scenic base depicting a scene.
8. A single figure, vehicle, aircraft or ship displayed on a base with primary crew figures if included with the kit will not usually constitute a diorama. However, the inclusion of additional figures, equipment, foliage, buildings, etc, will.
9. Additional details may be added from non-plastic materials i.e. photo-etch, diecast/white metal as either included with a kit, or from add-on detailing/correction kits.

WAIVER

Although all necessary care will be taken by the organisers to ensure the safety of models entered in the competition, all models are placed in the competition at the owners risk. The organisers will not accept any responsibility or liability for loss or damage.
